March 2021

96th EOS Congress Hamburg, Germany 2020

A special edition of the European Journal of Orthodontics containing memorial and keynote presentation abstracts planned for the cancelled 96th Congress of the European Orthodontic Society is available for members at: <https://academic.oup.com/ejo/issue/42/5>

EOS Congress 2022

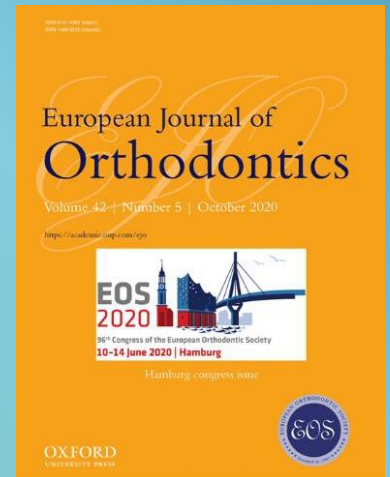

It is planned to hold the postponed Congress in Cyprus from the 30th May to the 3rd June 2022, but further information will be posted on the EOS website in due course.

Future Congresses

The venues for future congresses have been identified until 2027. However, the pandemic has exposed the very fragile state of the past organisation of the EOS. Currently, whilst we have the webinar series for those unable to attend the congress, we are investigating how to secure future conferences. Those wishing to arrange congresses after 2027 will be considered if they are able to provide financial guarantee to support the application. An advert to hold the congress in 2028 will be published in the November issue of the European Journal of Orthodontics and on the EOS website.

Distinguished Teacher Lectures

The first of the webinars arranged by the EOS took place on the 5th February. The 2020 Distinguished Teacher Lecture, which was free for postgraduates, was given by Ewa Czochrowska on "Autotransplantation of developing teeth" and was attended by 459 registrants from 35 countries. The feedback received was highly positive.

Autotransplantation of teeth

Ewa Czochrowska,
DDS, PhD, Medical University in Warsaw

Ewa Czochrowska

The Distinguished Teacher for 2022 is Björn Ludwig who will speak on "From enthusiasm, to frustration or back to the future – temporary anchorage devices (TADs) in the digital age". It is anticipated that this lecture, that will be free for postgraduates, will be of interest to a large number of students and early registration is recommended. Priority will be given to postgraduates who are EOS members.

March 2021

Virtual Programme

The first EOS webinar series on “Future Concepts in Orthodontics” was live from the 11th to the 18th March. Three on demand webinar lectures were given by Theodore Eliades, Ravindra Nanda and Dirk Wiechmann. A live roundtable discussion took place on the 18th March.

Future webinars have been arranged as follows:

- **Clinical Sessions** - On demand webinars available from the 5th to the 12th May 2021, followed by a live roundtable discussion on the 12th May 2021. The speakers are Maja Ovsenik, Yijin Ren and Thomas Klit Pedersen.
- **EOS Annual Virtual Conference on 25th June 2021**

The Sheldon Friel Memorial Lecture will be given by Susan Cunningham on “It’s not just about the teeth...”, followed by presentations by applicants for the Houston Oral Research Award and the winner of the Houston Research Poster Award. To enter for the awards, please [click here](#) – the application deadline is 31st March. Please note that the two awards are for £2,500 each and not £2,000 as previously stated. Submissions for scientific and clinical posters to be displayed at the virtual conference are also now open until 21st April. [Click here](#) to learn more.

EOS Website

Work is progressing to upgrade the EOS website and it is anticipated that this will shortly be available.

EOS Research Grants

Ten applications have been received for research grants which are under consideration by the Research Committee. Regulations can be found on the website – [click here](#).

EBO

Twenty five applications have been received to sit the next EBO examination that will take place online. The instructions for the EBO have been updated and are available on the EOS website; with the agreement of Council the title has been changed to **European Board of Orthodontics**.

NEBEOP

A webinar arranged by NEBEOP recently took place with Morten Laursen of the University of Aarhus, Denmark speaking on Clinical Biomechanics.

Membership

E-mail reminders have been sent to those members who have not paid their annual subscription, and sent by post to those for whom the e-mail address was either incorrect or unavailable. Please note that if payment is not received by the 1st April your membership will be suspended and your journal subscription will be stopped. If you subsequently wish to re-join, an administrative fee of £20 will be charged in addition to the normal subscription.

Deaths

We regret to report the death of Jan Sonke of the Netherlands, who was a Life Member.
