Hamburg

## 96<sup>th</sup> EOS Congress June 2020

Whilst all EOS Congresses follow a similar format, the venues vary, e.g. from coast to town and from country to country. The overall ethos and flavour of the meeting is due to the President and the meeting in Hamburg, Germany from the 10<sup>th</sup> to the 14<sup>th</sup> June 2020 will provide a unique experience with something of interest for everyone. More than 700 abstracts have been submitted on a number of areas of research and it promises to be an excellent congress. We look forward to welcoming you all.

## 95<sup>th</sup> EOS Congress, Nice, France

The meeting in Nice resulted in a financial surplus, which will be allocated to research. We are grateful to Olivier Sorel for arranging such a successful conference.

## EJO

The EJO open lunchtime session at the EOS Congress in Hamburg, to which all delegates are invited, will be on 'Clinical trials in orthodontics: tips and traps' with the speakers being Despina Koletsi and Mikael Sonesson.

Following the announcement in the November 2019 newsletter, in an effort to reduce our carbon footprint, a number of members have agreed to access the EJO only online. If you would also like to do so, please let us know by contacting Martine at: [membership@eoseurope.org](mailto:membership@eoseurope.org)

We would also like to welcome Conchita Martin of Spain to the editorial board of the EJO. Dr Martin's expertise in the areas of orthodontics-periodontology, orthodontic tooth movement, and temporomandibular joint dysfunction will be invaluable to the journal.

## Future Congresses

As only one application was received to hold the congress in 2026, no ballot will take place. This application was from Adriano Crismani to hold the congress in Austria. The appointment will be formally reported and ratified at the Business Meeting in June.

## EOS Research Grants

Seven applications have been received for a research grant. These are under consideration by referees and the research committee.

## Houston Scholarship

We are pleased to announce that Council has approved an increase in the funds available for the Houston Scholarship to £90,000 (i.e. £30,000 per annum). Applications are invited for the award, the closing date for which is the 31<sup>st</sup> May 2020.

## EBO

Thirty five candidates have applied for the EBO examination which will take place at the congress in Hamburg.

## Distinguished Teacher Lectures

The video of the distinguished teacher lecture given by Timo Peltomaki on 'Craniofacial and occlusal growth and development - clinical implications' is now available on the website of OUP. To view the lecture please go to: <https://academic.oup.com/ejo> and scroll to the bottom of the page.

The second of the two lectures to be given by Ewa Czchorowska on 'How to successfully apply tooth transplantation in everyday orthodontic practice' will take place on the 27<sup>th</sup> November 2020 at King's College London (Guy's Campus). For further information please contact Dirk Bister: [dirk.bister@kcl.ac.uk](mailto:dirk.bister@kcl.ac.uk)

Anne Marie Kuijpers-Jagtman

#### Announcement

Our congratulations go to Anne Marie Kuijpers-Jagtman, a past president of the EOS and Honorary member, who has been awarded the Lifetime Achievement Award in Orthodontic Research by the American Association of Orthodontists for 2019. The award recognizes those individuals who have made significant contributions to the science related to the specialty of orthodontics over the course of their lifetime. This is a significant honour since, not only is she the first non-American to receive the award, but also the first female.

#### Membership

If you have not yet paid your annual subscription, please note that this is now overdue. A reminder is enclosed for those who have not yet paid. If payment is not received and processed by the 1st April 2020 membership will be suspended and an administrative fee of £20 will be charged in addition to the subscription if you want to rejoin. If you receive a reminder and believe that you have paid your subscription, please contact the EOS office: [membership@eoseurope.org](mailto:membership@eoseurope.org)

Members of the Society are aware of the ethos of developing the next generation of orthodontists. We have an opportunity, and now the financial structure, to leave a legacy or donation for the benefit of the Society's objectives. Depending on the country of origin the Society can help with advice and suggestions. The matter will be treated in strictest confidence if required and if you are interested, in the first instance, please contact Fraser McDonald either directly by email ([fraser.mcdonald57@gmail.com](mailto:fraser.mcdonald57@gmail.com)) or through the EOS office at: [admin@eoseurope.org](mailto:admin@eoseurope.org)

#### Deaths

It is with sadness that we have to announce the deaths of the following: Bo Werner Linderup (Denmark) and Jürg Wüthrich (Switzerland). It is also with deep regret that we have to report the death of Charles Bolender who was a President of the EOS and held the congress in Strasbourg, France in 1999.

<b>FUTURE EOS CONGRESSES</b>	
<i>Date and venue</i>	<i>President</i>
